STAFF SUMMARY:

Carport was built in 2021 without permits and does not meet the front setback requirement . The size of the carport is 800sqft but over 80 sqft is used as the front porch area, due to this being one structure the use of the area in the structure for the carport meet the 720 sqft requirement.

Owner will be required to get engineered plans, the NM CID permit and have all inspection completed and approved for the variance to be finalized. City Commission has stated requiring a time frame on these variances in which the conditions must be met or the structure must be removed.

FISCAL IMPACT:

RECOMMENDATION:

Planning and Zoning Commission recommended approval with the condition the owner gets the required engineering, submits to the State CID and permit passes final inspection from the State inspector. Also noted in resolution will be the fact of if the structure is found to be in the city right of way it will be the owner responsibility to remove or alter the carport.

Translation of owner letter;

I, Martha, in my economic possibilities being a single mom of 3 kids I decided a few days ago to build a carport for my cars. Someone from my family helped me with the manual labor because I don't have much economic possibility. I also decided to build it because I have 2 kids with special needs that spend their time outside during the warm weather. This is my initial reason for building the carport. If I had the surficial economic possibilities which I don't have I would of taken this matter a different way, it was not my intention to disobey any authority my apologies to whom it may concern.

COMPREHENSIVE PLAN IMPLEMENTATION:

STAFF SUMMARY:

New owner of property is requesting a Zone Change from Commercial to Industrial to allow his business into the area.
Planning and Zoning staff and Code Enforcement staff agree to this change to move trucking companies out of Commercial zones and into Industrial Zones to relieve the issues of homes being on the same property as a trucking company. Trucks have easy access to the bypass on Commercial St and the owner will be requested to build privacy fence to shielded adjacent residential areas. Area directly east of this property is Industrial and the few homes in this area are non conforming and will one day not be allowed to be rebuilt if substantially damaged.

To whom it may concern,

My name is Trey Ramirez, and I am one of the owners of Pristine Energy Partners. We are writing this letter intending to get our new property rezoned to build a home for our business. We are a locally owned trucking company looking to add to our community here in Lovington. The property we've purchased is located on East Ave K, adjacent to the railroad tracks. It is currently listed as commercial property. I was told that we would need to get it rezoned to "industrial property" to use it for what we need. The land has been used for storage for the last 20-plus years. We have already started clearing the land and giving it a new look. We plan to build our future office and parking for our semi-trucks.

To ensure that all traffic laws are abided by and keep semis off the main streets, we have already conducted a traffic plan for all semis leaving the property. We will ensure that all semi-trucks that leave our property head eastbound to Commercial Street, using the bypass to exit the city of Lovington, ensuring that we keep the semis off Main Street and keep pedestrians safe while abiding by all traffic laws.

We are two young entrepreneurs born and raised in Lovington. Trey Ramirez (26) and JuanLuis Fernandez (27) are looking to keep our business in Lovington and continue to support the community in every way possible. We donate to the Lovington High School and local youth sports organizations. Here at Pristine Energy Partners, we want to conduct our business the right way, by not having all of our semi-trucks spread out through Lovington. We don't want them blocking roads by trying to park them at their home or taking up parking at all of the local convenience stores. Our goal is to have a home for our business and to keep the city of Lovington safe and clean.

Kind regards,

Trey Ramirez
